

Rockwell Parts

Rockwell Parts - AxleTech International is a leading supplier in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The business prides itself on being its customers' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for quality, service, technology and delivery. They believe in working in an environment that supports the highest integrity with empowered teamwork, along with a unrelenting pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great emphasis on being an environmentally conscious company and offering a safe atmosphere for their employees to work in. Furthermore, they have implemented lots of programs in the company so as to help convey these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whatever questions or comments, as they are glad to promote and share this policy with a greater knowledge of their efforts. They are very committed to improving and preserving the natural world. AxleTech has an EHS program that not only protects the environment but which also actively protects their workers and neighbors also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles used for both military and commercial applications. These applications vary from construction equipment to airport ground support. AxleTech specially designs axles in order to meet particular application demands. They have over 1000 different axle specs in their existing offering. With over 100+ years of knowledge and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The business is well known in several commercial and military applications. They offer complete axle assemblies used for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have further details which can be seen in the "ISAS" product selection.
